Dear Henri

Many thanks for your kind letter
on the occasion of my forthcoming retirement. I
wanted to wait for the end of all the investigations
before retiring even though I had reached the
normal age for retirement early this year and
had been extended by the Army. I am now
awaiting the confirmation by the Senate of
my successor. This should take place
before the end of June. I have no definite
plans beyond that. I am looking at various
possibilities in and out of government. I have
a house in Palm Beach (222 Plantation Road)
an apartment in Paris (78 Champs Elysées) and
will initially be renting a house in this area
until I decide what I am going to do
(2700 Wakefield, No Arlington, Va.). I do plan to
attend the opening of the Olympic Games in
Montreal on 17 July and have tickets therefor.
Congratulations to you on becoming
